

PACIFIC LAMPREY LARVAE AND THEIR RESPONSE TO CHRONIC STRESS

Patrick Carilli

Overview

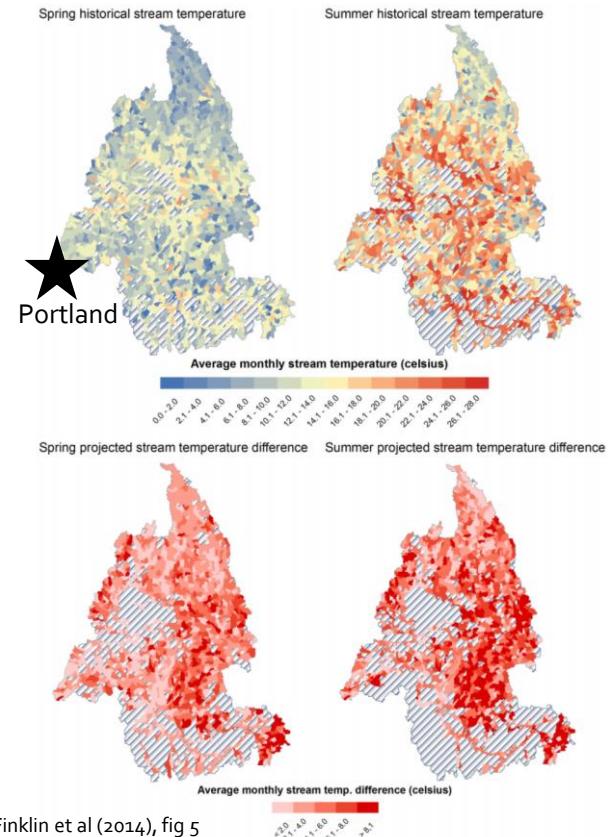

Goal: See how larval Pacific lamprey respond to 3 mo. of heat stress (aka summer)

1. Growth
2. Metabolism
3. RNA (Coming Soon!)

Why: Climate change & Freshwater systems

Hypothesis:

- ↓ Development
- ↑ Metabolism

Setup

Husbandry

- Collection
- Aquarium
- Acclimation

Treatment

- ↑ Temp
- Measure

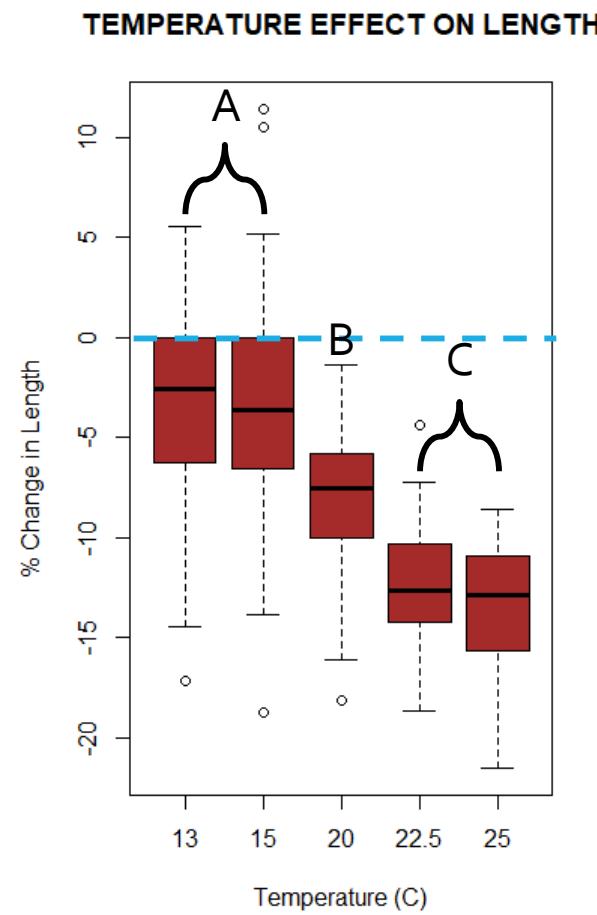

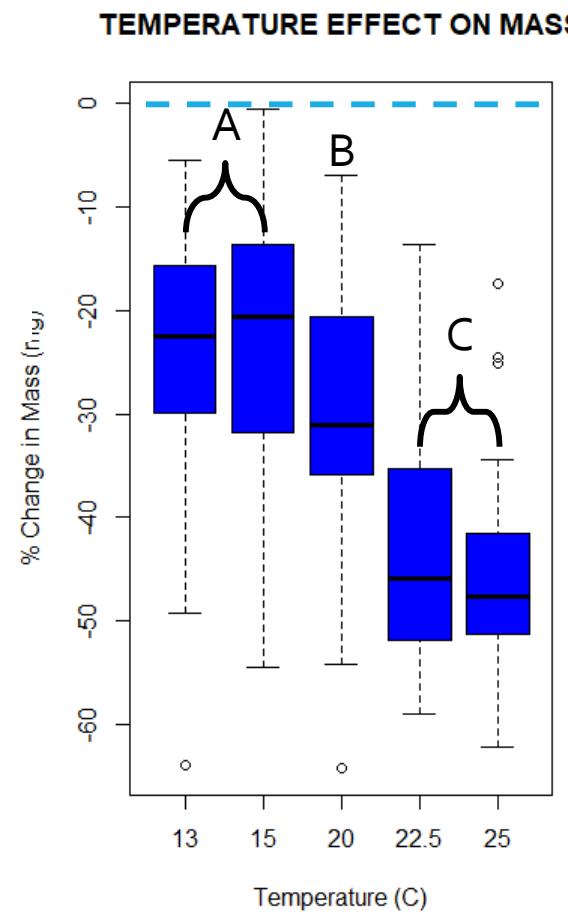

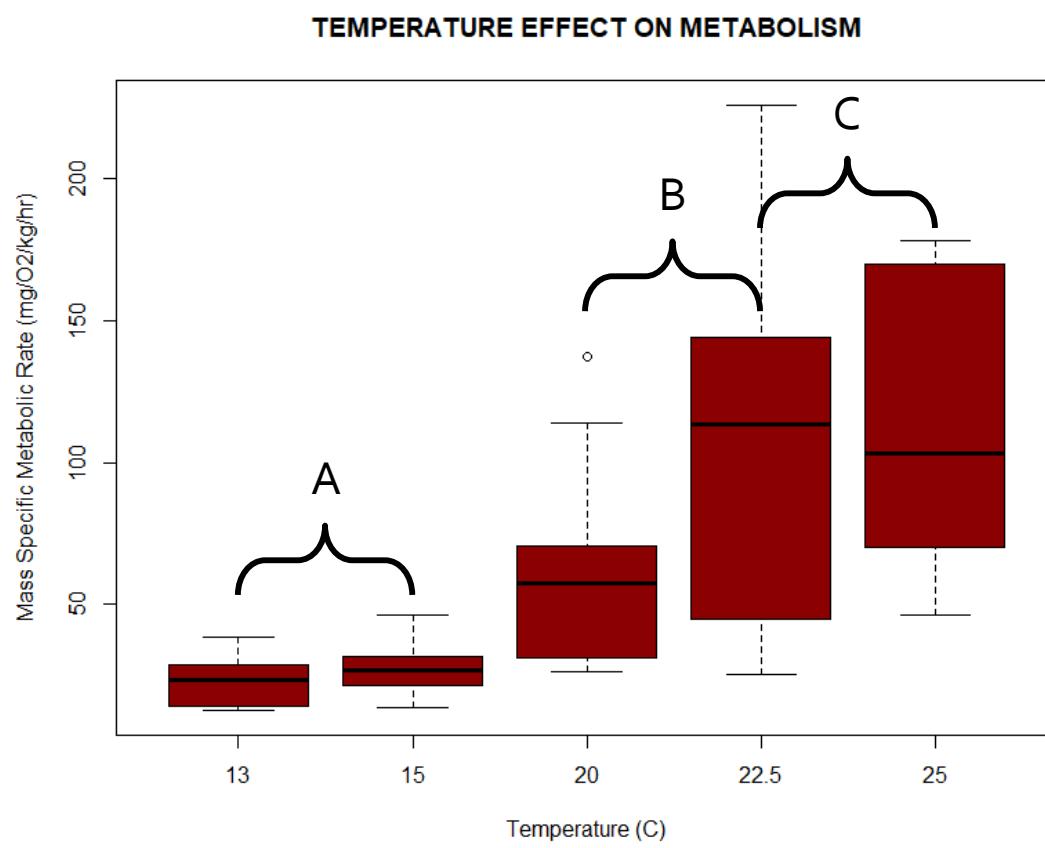

Response

- Growth
- Metabolism

Results

Summary

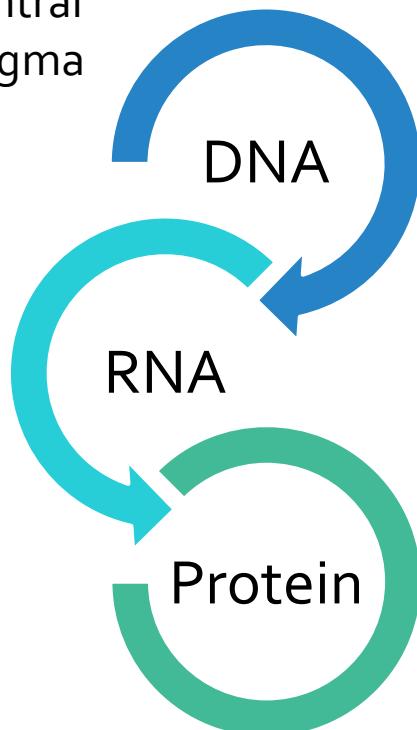

How do larval Pacific lamprey respond to chronic temperature stress?

- ↓ Development
- ↑ Metabolism

RNA Sequencing

Central
Dogma

Why: Whole Organismal Response

How: Center of Genome Research & Bio Computing

What: Differential gene expression

Acknowledgments

Mentors

- Dr. Jonathan Armstrong
- Dr. Scott Heppell
- Dr. Jerri Bartholomew

Support

- Dr. Benjamin Clemens
- Dr. Allison Evans
